Keywords:

Keywords are used to match your organisation against search criteria that is entered when users search www.romsey.org.au directory. Think carefully about what keywords you use, as this will effect how accurately you appear in the directory. Try and enter words that people would use when searching for a product or service that you provide. Where appropriate, use the longer version of the word. For example, use 'chinese restaurants' rather than 'chinese restaurant', or 'grooming' rather than 'groom'.
